## THE NEWSLETTER OF THE MENOMONEE FALLS FIRE DEPARTMENT

### STATION AND VEHICLE RENUMBERING

A year ago, I wrote in the Hot News about the upcoming countywide station and vehicle renumbering. It took a year for everything to get finalized and tested with the dispatch center. I am happy to say that on September 26 at about 10:30 a.m., Med 98 responded to the first MFFD call with the new vehicle numbering system.

This renumbering involved individually numbering each fire station in Waukesha County somewhere between 1 and 99, and matching the vehicles that respond from the station to its number. Menomonee Falls Fire Department new station numbers are:

- Station 97 - N56 W19350 Silver Spring Drive
- Station 98 - N84 W18989 Menomonee Avenue
- Station 99 - W140 N7501 Lilly Road

The primary vehicles assigned to each location are as follows:

- Med 97, Engine 97, Tender 97 will be housed and respond from station 97
- Med 98, Engine 98, Brush 98 and ATV98 will be housed and respond from station 98
- Med 99, Truck 99, Engine 99 will be housed and respond from station 99

In addition to the station and vehicle numbering, the 2023 MABAS cards for Division 106 (Waukesha County) were published at the same time. They have been updated on the department computers. Please take some time to familiarize yourself with them.

## TRIVIA ANSWER

**D. 1870** - In early 1870, during the Siege of Paris, history saw the first use of the air ambulance, where the injured soldiers were transported in hot air balloons. The air ambulance was also used during the First World War to transport injured army men.
